4. My Favourite Things: Reading, music, travelling and spending time with family
5. My Interests: Teaching, exploring new ideas, creativity and learning new things

ASSEMBLIES

Where young minds gather to learn, listen, perform
and grow together.

WHERE LEARNING MEETS EVERYDAY LIFE - MATH ASSEMBLY

The Math Assembly held on 24th September 2026, was a joyful celebration of how Mathematics is woven into our everyday lives. Through a delightful blend of Math, Music and Movement, our young learners explored numbers, shapes, colours, days and patterns in an engaging way.

Each performance beautifully connected the concepts students learn in the classroom to the world around them and their everyday experiences. Grade Nursery A explored shapes they see in their surroundings, while Grade Nursery B highlighted how numbers are an integral part of daily life. Grade Pre-Nursery connected Math with colours, days and music, and Grade Upper Nursery B brought the calendar to life. The assembly concluded with Grade Upper Nursery A's Math Carnival, showcasing addition, subtraction and 2D shapes through a lively performance.

The assembly reinforced the idea that Mathematics is not merely about learning concepts; it is about applying them to understand and make sense of our everyday world.

The performances were appreciated by the Principal – Junior School, Mrs. Pratima Nayar, Primary Section Head, Mrs. Sharmila Majumdar and Math and ICT Coordinator, Mrs. Antara Banerjee. It was a wonderful celebration of learning, confidence and the joy of Mathematics.

LEARNING THROUGH PERFORMANCE: GRADES 1 AND 2 DRAMA SHOWCASE

The Junior Section had a Drama Assembly for the first time. Grade 1A presented 'The Lost Rainbow' while Grade 1B performed 'The Magic Mango Tree' on 18th September 26.

Grade 2A performed 'The Town Clock', while Grade 2B presented 'The Happy Little Village' on 25th September 2026. Both plays focused on unity, togetherness and the importance of helping one another.

All the students performed with confidence and enthusiasm and thoroughly enjoyed the experience. Through these plays, students developed important Drama skills such as memory, voice projection, clear communication, stage positioning and listening. They learnt to remember their dialogues, speak clearly and confidently, and listen carefully to their co-performers. These assemblies helped them develop important values such as teamwork, sharing, caring and helping others.

STUDENT DEVELOPMENT PROGRAMMES

Shaping character, nurturing skills and
building confident learners.

JAPAN ON CANVAS 2026 – CELEBRATING JAPANESE CULTURE THROUGH ART

The Visual and Performing Arts Department organised the school's participation in 'Japan On Canvas 2026 - 12th National Painting Competition', organised by Experience Japan as part of Japan Month in collaboration with the Embassy of Japan.

Students of Grades 4 and 5 participated in the competition on 25th August on the theme 'A Japanese Festival'. Learners explored various Japanese festivals, researched their visual and cultural elements, and developed their own compositions. During the competition, they created original paintings, within the school premises, under the guidance and supervision of the Art teachers.

The event encouraged learners to explore a new cultural context, experiment with composition and colour, and express their understanding through individual artistic interpretations. After the competition, 15 artworks from each grade were carefully selected and submitted to the organisers for national-level judging.

The experience gave learners a meaningful opportunity to connect with Japanese culture through art while showcasing their creativity, imagination, and artistic skills on a national platform.

LITTLE ENTOMOLOGISTS

On 2nd September 2026, the learners of Grade Nursery stepped into the fascinating world of insects, transforming themselves into little entomologists as they dressed up as their favourite insects for a special presentation. With enthusiasm and curiosity, they shared interesting facts about their chosen insects, highlighting their appearance and unique characteristics. The presentation provided a fun and engaging platform for learners to express themselves while deepening their understanding of the insect world.

To enrich this learning experience, Agastya Chanda of Grade 10 conducted an engaging sharing session with the young learners. As a budding entomologist, he introduced them to caterpillar and butterfly specimens, sharing insights into their habitats and their important role in nature. The learners observed the specimens with wonder and excitement, asking questions and making meaningful connections with their classroom learning.

The session offered a valuable opportunity for experiential learning, fostering curiosity, learner agency and an appreciation for the natural world. It was a memorable experience that brought the wonders of entomology to life for our young explorers.

STORY TELLING SESSION

The Music Room came alive with excitement and wonder on Thursday, 10 September 2026, as the students of the Primary Section gathered for a delightful storytelling session. The session was led by our wonderful storytellers, Ms. Parammeet Kaur Shergil and Ms. Shabeeha Ahmed, who engaged the students through expressive narration, movements and sounds.

The young learners enjoyed three heartwarming stories, each carrying a special message. 'Brown Bear is Missing a Hug' encouraged students to explore kindness and friendship through hopping, fluttering and sharing a big air hug. While listening to 'The Cloud That Learned to Share', students became tiny raindrops, creating gentle "drip, drop" sounds and moving blue scarves to bring the story to life. The final story, 'The Little Seed Who Wanted to Grow', introduced the learners to patience, perseverance and the joy of growing and learning. Through movements, they transformed from tiny seeds into blooming flowers.

The session was a joyful celebration of stories, imagination and values. The teachers were felicitated by the Principal – Junior School, Mrs. Pratima Nayar and Primary Section Head, Mrs. Sharmila Majumdar with a small gift as a token of appreciation for creating such a memorable experience for our young learners.

HINDI DIWAS CELEBRATIONS

Hindi Diwas Week at CIS (14th September - 18th September) was celebrated through engaging activities that encouraged students to explore and appreciate Hindi in everyday contexts. Grade 1 learners explored स्वर अ से औ तक through pictures, vocabulary, writing and creative activities. They also recited 'मछली जल की रानी है' and 'तितली रानी' with actions and expressions. Grade 2 learners participated in 'मेरी चीज़, मेरी बात!', connecting objects with learnt matras while developing speaking skills. Grade 3 brought Hindi to life through 'Hindi Manch', creating and performing short situational skits. Grade 4 students participated in 'एक शब्द – एक अभिनय' and 'पासा घुमाओ – हिंदी बोलो!', strengthening vocabulary and spontaneous speaking. Grade 5 presented their काज़ीरंगा projects, developing confidence, presentation and collaboration skills.

The celebrations were enriched by colourful board displays. Grade 1 showcased स्वर अ से औ तक, Grade 2 presented 'हिंदी की पतंग' and Grade 3 explored 'कल, आज और कल'. Grade 4 showcased 'Kindness Campaign – दयालुता की ओर एक कदम', while Grade 5 explored the connection between Hindi and Bengali through 'दो भाषाएँ, एक संस्कृति – दूहे भाषा, एक जसंस्कृति'. Overall, the week provided opportunities to speak, read, perform, create and collaborate while celebrating Hindi.

CELEBRATING LITERACY:

INTER-HOUSE LIBRARY QUIZ 2026

From 14th to 18th September 2026, the Library Department hosted an exciting Inter-House Library Quiz for students of Grades 3 to 5 during their scheduled library periods. Designed to spark a passion for reading and teamwork, the event challenged young learners to put their literary knowledge to the test in a spirit of friendly competition.

The quiz featured four engaging and fast-paced rounds: Crack the Book Cover, Emoji Book Titles, Unscramble the Author's Name, and The Book Vault. These interactive challenges tested students on book titles, authors, characters, and visual clues, encouraging quick problem-solving and keen recall skills.

Throughout the week, students demonstrated immense enthusiasm, collaboration, and critical thinking. Beyond the scores, the event successfully celebrated stories and reinforced the library as a vibrant space for discovery, creativity, and shared learning. It was a truly rewarding experience that inspired our young readers to explore new literary adventures.

Congratulations to our top-performing teams across each section:

Grade 3A: Winner: Green House | 1st Runner-Up: Red House | 2nd Runner-Up: Yellow House

Grade 3B: Winner: Red House | 1st Runner-Up: Yellow House | 2nd Runner-Up: Green House

Grade 4A: Winner: Yellow House | 1st Runner-Up: Red House | 2nd Runner-Up: Green House

Grade 4B: Joint Winners: Yellow and Green House | 1st Runner-Up: Red House

Grade 5A: Winner: Yellow House | 1st Runner-Up (Tie): Red and Green House

Grade 5B: Winner: Green House | 1st Runner-Up: Yellow House | 2nd Runner-Up: Red House

Primary Section

INTERNATIONAL DAY OF PEACE

The students of the Primary Section celebrated the International Day of Peace on 21st September with joy and enthusiasm. The day was filled with meaningful activities that helped students understand the importance of peace, kindness and harmony.

While the students of Grade Pre Nursery enjoyed singing songs and creating colourful crafts, the students of Grade Nursery spoke about what peace means to them. They shared simple ways of practising peace in their everyday interactions at school and at home. The students of Grade Upper Nursery made beautiful pinwheels as part of the celebration and placed them in the open area among the plants. It symbolised peace, harmony and the spreading of positive thoughts. Their gentle movement in the breeze created a lovely reminder of calmness and togetherness. The entire section came together to create a peace symbol using handprints, reminding everyone that even a small hand can help bring about change. The highlight of the day was the Peace Walk along the Primary corridor with students hopping, skipping and jumping, before proudly declaring, "We are peaceful!"

The celebration reminded us that peace begins with each one of us and grows through every kind word, caring action and helping hand.

Junior Section

CREATING PEACE, ONE THOUGHT AND ACTION AT A TIME

The International Day of Peace was meaningfully observed across the Junior Section through a series of creative and engaging activities integrated into their SEL lessons.

Grade 1 students created a beautiful 'Garden of Peace' which was a quiet and safe place, with no fear, no fights, and no arguments - a place where everyone feels welcome, happy, and cared for.

Grade 2 students became 'Peace Chefs', preparing imaginative Peace Recipes using ingredients such as patience, kindness, love, and respect.

Grade 3 students expressed their ideas through 'Peace Poems', creating acrostic poems with peace-related words and displaying them on dove templates.

Grade 4 students explored how peace can spread through 'Peace Ripple' mobiles, reflecting on peace within themselves, in the classroom, and in their neighbourhood.

Grade 5 students created a colourful 'Peace Chain', writing peaceful wishes for the world. By joining their individual strips, they discovered that, like links in a chain, peace grows stronger when everyone comes together.

Through these thoughtful activities, students discovered that peace is more than an idea - it is a way of living. They learnt that small thoughts and actions can make a big difference in creating a more peaceful world.

SOF INTERNATIONAL GENERAL KNOWLEDGE OLYMPIAD 2026

On 22nd September 2026, students from Grades 1 to 5 successfully participated in the SOF IGKO (International General Knowledge Olympiad). The students approached the challenge with immense enthusiasm and focus, demonstrating a fantastic spirit for learning and inquiry. We applaud all our young participants for their dedication and wish them the very best!

COMMUNITY CONNECTIONS

Nurturing partnerships, celebrating togetherness
and strengthening our school community.

A TRULY UNIQUE TEACHERS' DAY:

A CELEBRATION OF COMMUNITY

On 4th September, the students of the Primary Section celebrated Teachers' Day with lots of joy and excitement. They made colourful cards, brought flowers, and shared their love with their teachers through sweet songs and cheerful dances. Their thoughtful gestures and happy smiles made the day extra special and filled the school with warmth and happiness.

In the Junior Section, Teachers' Day was celebrated with a twist. The morning began with vibrant energy as excited students greeted their educators with warm wishes and small tokens of gratitude.

Marking a special first, students and parent volunteers joined hands to organise an extraordinary carnival for our Junior School teachers in the AVR. Beautifully decorated around creative themes, the AVR transformed into a lively game zone. Working in enthusiastic

groups, students hosted fun-filled activities and games such as Guess the Object, Memory Game, a Photobooth, Chopstick Pick-up, 7 up / 7 down, Make your own Cookie Stall etc - where teachers played and won exciting prizes.

Adding to this remarkable collaboration, parent volunteers stepped into classrooms during the first three periods to guide lessons, while Student Council members took the initiative to escort classes and ensure everything ran seamlessly. This thoughtful coordination allowed our teachers to fully relax and enjoy the festivities.

This year's Teachers' Day was a splendid example of partnership, appreciation, and shared joy among students, parents, and educators. We extend our deepest gratitude to our parent volunteers and young leaders for making this day truly unforgettable!

STUDENT ACHIEVEMENTS

Celebrating effort excellence and determination.

TRIUMPH ON THE GREENS:

Victory at Junior Open Golf Tournament

Our student of Grade 4, Noa Munshi, delivered a spectacular performance at the Mahitosh Ray Memorial Junior Open Golf Tournament, held at The Tollygunge Club on 2nd and 3rd September 2026. Demonstrating remarkable skill, composure, and focus, Noa proudly secured the prestigious Winner's Trophy, while also achieving a stellar Personal Best score. In an extraordinary display of talent and athletic maturity, she emerged as the Best Performing Junior Girls Golfer, outscoring competitors across two categories above her own.

This commendable breakthrough is a testament to her dedication, boosting her confidence and self-belief as she continues her journey in competitive golf.

The entire school community extends its heartfelt congratulations to Noa on this outstanding achievement. We look forward to cheering her on as she reaches even greater heights in the future!

STRIKING A HIGH NOTE:

Ayaan Kasera Shines at Crescendo 2026

We are thrilled to celebrate Ayaan Kasera of Grade 5, who secured the Runner-Up trophy in the Drums category at the prestigious Crescendo 2026 music competition.

Ayaan's deep love for music and impressive dedication to drumming have made his musical journey inspiring to follow. His remarkable sense of rhythm, technical skill, and confident performance on stage captivated both the judges and the audience, earning him well-deserved recognition among talented young musicians.

This impressive achievement highlights the power of passion, practice, and perseverance. The entire school community extends its heartfelt congratulations to Ayaan on this wonderful milestone.

SEN AND COUNSELLING SESSIONS

Guiding with care, support and understanding.

FOSTERING INCLUSIVITY:

SEN Department Empowers CCA Coaches on Neurodiversity

On 26th August 2026, the SEN Department at Calcutta International School conducted an interactive session on Understanding Neurodiversity for the Co-curricular Activities (CCA) coaches. The workshop aimed to enhance understanding and equip coaches with effective strategies to support neurodivergent learners across various co-curricular programs.

The session began with an introductory video on neurodiversity, followed by a presentation titled 'Small Changes, Big Impact'. Covering conditions such as ADHD, Autism, and Learning Disabilities, the presentation highlighted how students process, participate, and respond differently. Coaches were introduced to practical techniques, such as providing clear instructions, breaking activities into manageable steps, supporting social skills, and using positive behavior management.

Rather than focussing solely on challenging behaviours, coaches were encouraged to identify and address underlying student needs. During a concluding discussion, coaches shared real-world experiences and received actionable guidance from the SEN team. Overall, the workshop reaffirmed the school's commitment to creating a safe, inclusive environment where every child can confidently participate, develop skills, and experience success in co-curricular activities.

CRAFTING MEANINGFUL CONNECTIONS:

SEN Department Hosts PTM Feedback Workshop

On 4th September 2026, the SEN Department organised an insightful professional development session for teachers of Grades 1-5, centered on writing effective Parent-Teacher Meeting (PTM) feedback. The workshop focussed on enhancing educators' ability to communicate student progress through feedback that is clear, constructive, and deeply meaningful.

A key feature of the session was the introduction of a practical Strength-Need-Impact-Support-Next Step framework. This structured approach guides teachers to recognise each child's unique strengths, pinpoint specific areas for growth, understand the

impact of those needs, and outline clear, actionable strategies. Through engaging discussions and practical examples, teachers explored how positive language and mindful communication keep PTM conversations focussed on holistic student development.

The session provided teachers with a valuable opportunity to reflect on their current communication practices. By emphasising purposeful, solution-oriented feedback that can be reinforced both at school and at home, the workshop reaffirmed the essential role of strong home-school partnerships in nurturing every child's ongoing learning and success.

POSITIVE PARENTING WORKSHOP FOR PRE-NURSERY PARENTS

The Counselling Department welcomed Pre-Nursery parents to the CIS community through an interactive Positive Parenting Workshop, designed to support families as their children begin their school journey.

Focusing on the developmental needs of children aged 3+, the session explored key social, emotional and behavioural milestones of the early years. Parents discussed practical strategies to nurture independence, encourage positive behaviour, help children manage emotions, and build healthy frustration tolerance - an essential life skill during this stage of development.

Using live Mentimeter activities, parents reflected on everyday parenting situations and shared their perspectives on topics such as using positive reinforcement instead of punishment,

spending meaningful quality time with children, regulating their own emotions before responding to a child's behaviour, avoiding comparisons between siblings, and involving older siblings in age-appropriate caregiving. The discussion also highlighted the importance of consistency between caregivers when setting boundaries and teaching accountability by helping children understand the natural consequences of their actions.

The workshop encouraged open conversations, questions and shared experiences, reinforcing the idea that children thrive when home and school work together. It marked the beginning of a collaborative partnership between parents and the Counselling Department, with the shared goal of fostering every child's emotional wellbeing, resilience and confident adjustment to school life.

CO-CURRICULAR ACTIVITIES

Exploring talents beyond the classroom
and building lifelong skills.

INTER-HOUSE YOGA COMPETITION – JUNIOR SCHOOL

The Junior School Inter-House Yoga Competition was conducted during the Zero Periods on 9th, 16th and 18th September, with students representing their respective Houses. The House Captains selected the teams for the competition, and the participants demonstrated their knowledge and skills through a range of yoga asanas and pranayamas. Each student was required to demonstrate three asanas from a prescribed list that had been shared prior to the competition, along with one asana of their own choice. They also demonstrated selected pranayamas and were tested on their ability to recognise asanas and pranayamas based on given descriptions of their demonstration.

The participants were judged on posture, execution, flexibility, balance and uniform. The competition provided students with an opportunity to showcase not only their physical control, flexibility and balance but also their understanding of yoga practices. The students participated with enthusiasm, confidence and discipline, making the competition an engaging and meaningful experience.

Red House emerged as the Champions with 947 points, followed by Green House as the 1st Runners-up with 935 points and Yellow House as the 2nd Runners-up with 932 points.

The names of the students who participated are listed below -

Red House - Kaveer Agarwal; Arkdeep Jaiswal; Ananmay Modi; Pearla Nevaeh Yonzone; Noa Alma Munshi; Anushka Sarkar

Green House - Vian Agarwal; Neil Bagaria; Arjav Goswami; Aaira Jain; Tanushree Saraff; Krishna Modi

Yellow House - Keyan Hasnain; Agustya Hrishi Chamria; Neal Gupta; Vannya Fatesaria; Miraaya Agarwal; Amayra Roy

AWARDS

Recognising excellence, dedication and distinction.

CELEBRATING EXCELLENCE:

IIHM Teachers' Day Awards 2026

Calcutta International School celebrated a moment of immense pride at the prestigious IIHM Teachers' Day Awards 2026, held on 12th September at the IIHM Global Campus. Hosted by the International Institute of Hotel Management, the annual ceremony felicitates outstanding educators whose dedication, leadership, and compassion transform lives.

Mrs. Ishmeet Mokha and Mr. Subrata Ghosh were presented with the Certificate of Excellence in Education. This accolade acknowledges their 20+ years of dedicated service to CIS, celebrating their invaluable contributions to academic excellence, student mentorship, and character building across generations of learners.

Furthermore, our Principal - Junior School, Mrs. Pratima Nayar, was honoured with the distinguished Principal Par Excellence Award in recognition of her visionary leadership and commitment to holistic educational development.

These recognitions reflect the extraordinary commitment that defines our faculty. The entire CIS community extends its heartiest congratulations to Mrs. Pratima Nayar, Mrs. Ishmeet Mokha, and Mr. Subrata Ghosh on this well-deserved honour!

Mrs. Ishmeet Mokha - "Receiving the IIHM Teachers' Day Award was a truly special experience. Being recognised at a platform outside my school made the moment even more meaningful, as it felt like an appreciation of my journey and dedication as an educator. I am grateful for this recognition, which has encouraged me to continue learning, growing and inspiring my students with the same passion and commitment. It is a moment I will always cherish."

Mr. Subrata Ghosh - "I feel truly honoured to receive this award from IIHM. I deeply appreciate this wonderful initiative, which recognises and celebrates one of the most important communities in society - the teaching community - and its dedication and best practices. I believe this recognition will inspire many others to devote themselves to this noble and rewarding profession. I am genuinely delighted to receive this honour, and it is a deeply memorable moment for me, especially after 27 years of my journey in teaching."

I am grateful to IIHM for this recognition and for making this milestone in my teaching journey so special."

PROFESSIONAL DEVELOPMENT

Empowering educators for a changing world.

SHAPING THE FUTURE OF EDUCATION:

Leadership at TAIISI Conference 2026

The Association of International Schools of India (TAISI) is a fast-growing professional network uniting IB, Cambridge, and globally minded institutions to shape the future of education. From 17th to 19th September 2026, our Head of School, Mrs. Harsimran Kaur Kapany and Principal-Junior School, Mrs. Pratima Nayar, represented our institution at the annual TAIISI Conference, themed 'The Adulthood Deficit'.

This productive three-day conference brought together prominent school leaders and decision-makers from across the country. Moving beyond traditional training formats, the event provided a rich platform for meaningful conversations, professional networking, and knowledge sharing.

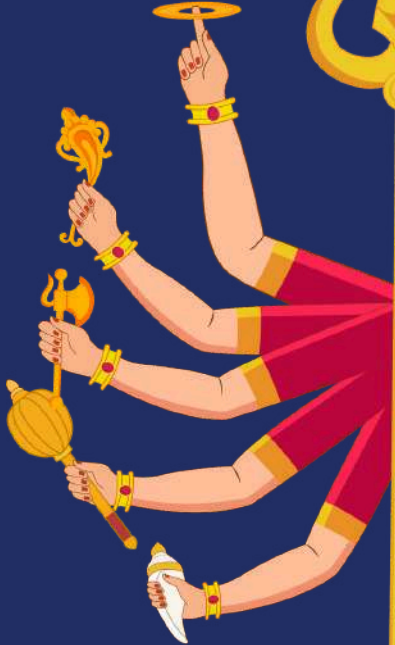

Through interactive sessions, Mrs. Harsimran Kaur Kapany and Mrs. Pratima Nayar gained valuable insights into emerging global trends, exchanged innovative strategies with experienced peers, and explored novel approaches to leadership, pedagogy, and school development.

Our school remains dedicated to continuous professional growth and educational excellence. We look forward to integrating these fresh perspectives and collaborative strategies into our community to foster an even more dynamic learning environment for our students.

Wishing
you a
Joyous
Durga Puja
and a
Happy
Dussehra!
